

Assignment 6.2

Veera Koppula

05/23/2022

These two weeks we are going to be focused on histograms, box plots, and bullet charts and using various tools to create these visualizations. You must consolidate all the charts into ONE document with each chart labeled with the type of chart and technology - for example: Python - Bar Chart. Failure to label and consolidate the charts will result in points being taken off or a 0 for the assignment.
